Dear Terry,

Thank you so much for the support and generosity you and your dealership have shown to C.A.L.L. Food Pantry over the past few months. You truly are "Unique" in demonstrating how to satisfy customers as well as how to serve the community through extraordinary efforts personally and professionally.

The entire Board of Directors of C.A.L.L. Food Pantry was very appreciative by your willingness to accept the challenge of taking our old, worn out van to the auction for us even though we had not purchased a vehicle from you. They were equally impressed with your generosity in waiving all the cost your company incurred in cleaning the van, reattaching the seats, driver fees to get the van to the auction as well as the auction fees. Then we realized a blessing of getting 40% more for the van than what we ever dreamed we would get.

The second blessing you provided to us was helping to organize a major food and fund drive involving eight auto dealers in Mercer County. This food and fund drive was a key source of food items and dollars which allowed the Food Pantry to serve a record number of clients in the month of December. The creativeness of the food and fund drive was very "unique" which caused a great amount of excitement far beyond the food and funds that were raised by the auto dealers. Many people were moved to give generously to the Food Pantry that had never given before due to this excitement.

Thank you again for being a caring, generous person and businessman. We truly appreciate your "uniqueness" as well as the love you demonstrate in the community.

Keep Praying!!!
