In Support of Rino's Auto Sales:

My name is Doug Eshelman, I work for the Mercer County Auditors Office in Celina, Ohio. I would like to give my reasons that allowed me to buy 8 vehicles, personally from Rino's and have referred countless people who have also purchased from them.

Rino has it right when he says he is the "Unique Dealer." Of the 8 cars I have purchased, I truly feel that 3 of them were "One Of A Kind" that no one else had anything as nice and unique. That is important to me. I cruise his lot, if I don't see what I want, I call Rino on his cell phone(usually at the auction) I tell him what I want and he keeps and eye out, for months, sometimes before he finds exactly what I want. It always works for.

Rino has a deep community commitment, that goes from submitting bids on county equipment to sponsoring and being active in almost all community events. That is important in a small town, that we can always depend on Rino's for a money or product donation. I know that his donations have netted hundreds of thousands of dollars. Also he has hosted or worked on several benefit golf outings and car cruise-in's every year. For at least 25 years, probably more.

As a small business owner myself, Rino has always been a business and community leader, that I have taken many a lesson from in running my business. Even when times are bad economically he always found a way to extend a helping hand. Rino's is a model small town business that helps keep our awesome community vibrant.

I can't praise enough the importance of this man and his business to this area. We are lucky to have such and so is the automobile industry. He lends his good name and practices to the whole business.

Sincerely,

Doug Eshelman 419-733-9436
