

To Whom It May Concern:

My husband and I have been buying vehicles from Rino's Auto Sales for nearly 20 years. Terry is an absolute pleasure to deal with and the rest of his staff follows suite. Everyone is knowledgeable, friendly and cordial. The purchasing process is always handled professionally and all our questions are answered satisfactorily. The time, attention, care and follow-through provided by everyone on the team has given us the best car-shopping experiences we could ask for.

It is a pleasure to know there is a dealership in our area that we can feel so confident in, and we will continue to give them our business as well as recommend them to our family and friends.
